## Cemento 14

**Cemento 14 è la prima collezione non ceramica di 14oraitaliana.  
Vero cemento in più colorazioni, finiture e formati.  
Tre diverse superfici - naturale, sabbiato, bocciardato - sposano sei  
colori naturali e tre tinte neutre per un totale di nove varianti.  
Da piccoli formati sino a lastre 80x200, Cemento 14 offre un'ampia  
offerta a favore della creatività progettuale.  
I segni e le imperfezioni, come spillature o differenze di tono, sono  
elementi distintivi del materiale cementizio. Esaltandone la bellezza  
e contraddistinguendolo da prodotti industriali che tentano di  
imitarlo, le “imperfezioni” diventano i segni distintivi di una  
collezione che amplifica la propria valenza estetica con il passare  
del tempo.**

Natural material. Real cement, pre-cut in full body.  
CEMENTO 14 is the first non-ceramic collection of 14oraitaliana. Real  
cement in a number of colorations, finishes and formats.  
Three different surfaces-natural, sanded and bush-hammered - are  
coupled with six natural colors and three neutral shades for a total of nine  
variants. From small formats to 80x200 pieces, Cemento 14 offers a wide  
range of options to encourage creativity.
